

IDENTITY GOVERNANCE

SIMPLIFY IDENTITY MANAGEMENT, ENHANCE SECURITY, AND AUTOMATE COMPLIANCE WITH MICROSOFT ENTRA IDENTITY GOVERNANCE

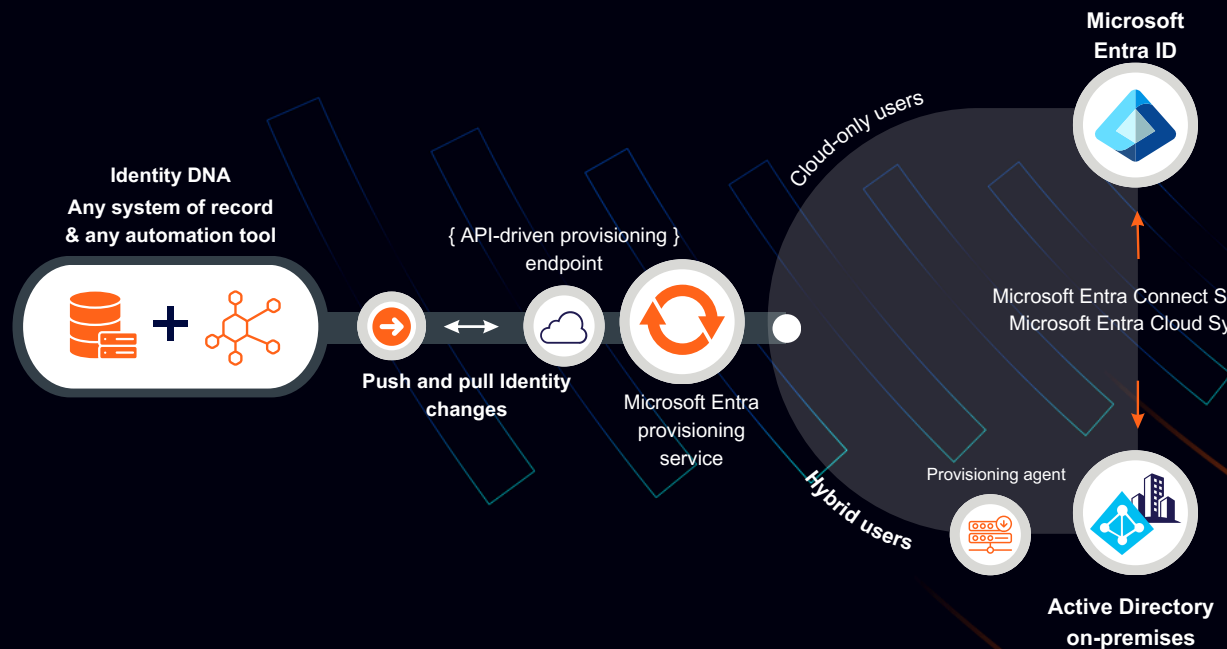

SAFE, SEAMLESS, AND SECURE IDENTITY GOVERNANCE IS AT YOUR FINGERTIPS

Is your organisation still navigating the complexities of legacy on-premises Microsoft Identity Manager solution or relying on expensive third-party platforms? It might be time to usher in a new era of simplicity and efficiency with Entra Identity Governance.

Picture this: a seamless process where your HR system takes the lead in creating digital identities. When a new team member joins, it all starts in the HR system. This triggers a smooth flow, culminating in their presence in Active Directory and Microsoft Entra ID. And the best part? It can happen either on-premises or in the cloud.

While on-premises solutions are tried and true, cloud-based identity workflows offers a world of possibilities. And who wouldn't want a simplified, user-friendly experience? Quorum is here to help you say goodbye to the complexities of old systems and say hello to a future-ready approach.

With Entra Identity Governance and our tailored Identity DNA Platform, we're all about making your life easier. Cloud HR application to Entra ID user provisioning means effortless integration with platforms like Workday, SuccessFactors or any source of truth. Logic has been built into the Identity DNA platform to assist with identifying and resolving complex attribute mismatches or multiple data sources.

The Entra Identity Governance Workshop and Assessment provides the following:

An experienced Quorum consultant and project manager for up to 10 days.

A high-level design document that will contain information on the current state, future state of Identity Governance and the recommended implementation strategy.

Here's what you can expect from the process:

Customer stakeholder workshops to discuss current and future states.

Understanding of current identity lifecycle management
High Level Solution Design
