Build a better future

With the increasing shift to digital technology it is more important than ever to have an intelligent project operations solution that provides visibility, collaboration, and the agility needed to drive success across your project-centric business.

In this new reality, how do you envision the future state of your organization? Build your transformation strategy with Microsoft Catalyst, a proven and powerful approach to innovation.

Let's ideate together

As part of Catalyst, meet with our experts for a personalized pilot, where we can ideate together using design led thinking concepts and jointly define how to enable the digital transformation of your organization.

This pilot starts with a review of your business objectives, followed by creation of a personalized pilot using your data so you can visualize the solution, ending with a clear, actionable picture of how we can help you reach your business goals.

How Rand Group can help

What is Microsoft Catalyst?

Build, plan, and execute business transformation strategies with a proven, innovative approach from Microsoft Catalyst—an envisioning and planning program that employs Microsoft Dynamics 365, the Microsoft Power Platform, and the Microsoft Cloud. Your business transformation starts with an I.D.E.A.

Start by finding the transformation strategy that's right for you. Define and prioritize your strategy using development activities, then foster ideation and drive decision making with an envisioning workshop.

Dynamics 365 Project Operations Pilot

Join us for a personalized pilot of Project Operations so you can visualize how you can transform your business. We will begin with discovery of your current project operations processes and challenges, focusing on understanding your unique business challenges and needs. Next, we will create a personalized pilot environment including data, transactions, and processes relevant to your business. We will then run a live pilot simulation to demonstrate to key stakeholders how Dynamics 365 Project Operations can help mitigate your current business challenges.
