

Employee Experience Accelerator

Avoid the pain of employee disengagement, turnover and dissatisfaction by using Microsoft 365 and Viva to create a great Employee Experience.

Why Rapid Circle?

Rapid Circle helps customers **create digitally enabled employee experiences** that serves the needs of their organisations.

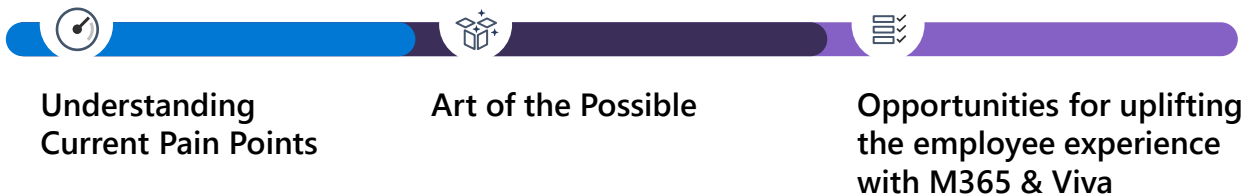

Rapid Circle brings a **people-first approach** and focuses on unlocking the potential of the existing and emerging technology to **improve the moments that matter** across the employee journey.

Uplifting the Employee Experience

Viewed through the lens of the Gallup Employee Experience Lifecycle (**Attract, Hire, Onboard, Engage, Perform, Develop, Depart**) Rapid Circle helps customers uncover how the different capabilities of Microsoft 365 and Viva, at the right stages of an employee's journey, can be used to improve the employee experience. The Employee Experience Accelerator is the first step on this journey.

The Employee Experience Acceleration Process

The **Employee Experience Accelerator** brings key stakeholders from across your organisation together to discuss, co-design and agree on how you can improve the different stages of your employee lifecycle.

Required effort from you: Pre-session survey completion, 1-hour current state discovery session, 2 x 2-hour Art of the Possible workshops, 1-hour opportunity identification workshop and 1-hour session to present and agree on 90-day plan incl. check-ins.

Cost: AU\$10,000 ext. GST – potential co-funding with Microsoft funding available.
