

Copilot Explore

Copilot for Microsoft 365 Adoption
Immersion Experience

Holistic Approach.
Business Efficiency.
Modern Security.

**In one day of work,
an employee that
saves 2.5 hours
captures an ROI of
225% on the
monthly cost of a
M365 Copilot
License**

**... Consider the benefits
of empowering an entire
organization**

The Copilot for Microsoft 365 Adoption Immersion Experience is designed for customers that need a hands-on, interactive exploration of Copilot’s vast capabilities.

This discovery workshop offers business stakeholders a unique opportunity to rapidly enhance their understanding and utilization of Copilot, leading them to consensus and a cohesive strategy for AI readiness and integration. Our certified [Immersion Experience Premier Facilitator](#) uncovers solutions through a tailored approach to customer pain points and needs that produces relevant business outcomes.

We’ll work with you to provide:

- Guided simulations of Copilot features in the Microsoft 365 apps.
- Hands-on activities to accelerate learning and application to real-world business scenarios.
- Interactive tours of Copilot Lab and other just-in-time resources.
- A deep dive into adoption strategy and support to speed time to value.

Value proposition

The Copilot for Microsoft 365 Adoption Immersion Experience provides customers with a hands-on, interactive exploration of Copilot’s extensive capabilities. This discovery workshop uniquely equips business stakeholders with the knowledge and skills to rapidly enhance their understanding and utilization of Copilot. Additionally, we will go through the Art of the Possible with Copilot for Microsoft 365 and assist in building a compelling business case, fostering consensus and developing a cohesive strategy for Microsoft AI readiness and integration.

Why Ravanty?

Ravanty brings the power of Copilot preparedness and an actual Production Pilot scenario for Copilot for Microsoft 365, which holds significant value for organizations seeking to leverage this innovative AI-based cloud solution. This also ensures that project time is spent productively to establish the foundation for short- and long-term plans empowering the client to extend the technology capabilities across their entire organization in cost effective and timely manner.
