

# MCCaaS: Microsoft Cloud Consulting as a Service

Solving business problems with technology outcomes

Holistic Approach.  
Business Efficiency.  
Modern Security.

Ravanty's **MCCaaS** flexible monthly services model makes Microsoft cloud consulting simple. With flexible **Bronze, Silver, and Gold** packages, you get **direct monthly access to certified, top-tier Microsoft experts—no long-term contracts or complicated retainers**. Choose the hours you need and benefit from hands-on, high-level support across the Microsoft ecosystem, all without the constraints of traditional managed services.

### Microsoft Entra

Identity and access management for secure, seamless user experiences across your organization.

### Microsoft Defender

Advanced threat detection and remediation across endpoints, identities, and cloud workloads.

### Microsoft Purview

Data governance, compliance, and information protection to safeguard your most sensitive assets.

### Microsoft Intune

Endpoint management and device compliance to keep your workforce productive and secure.

### Microsoft 365

Full-suite productivity and collaboration tools, optimized and governed for your business needs.

### Copilot

AI-powered productivity and automation, with expert guidance on readiness, adoption, and governance.

## Key Benefits

### Expert Guidance Across Microsoft Ecosystem

Customers gain access to certified experts in Microsoft Entra, Intune, Defender, Purview, and Copilot, ensuring best-practice implementation and configuration

### Scalable Support Across Initiatives

Customers can engage consulting partners across multiple projects—Copilot, Azure, Purview—without needing separate contracts or onboarding

### Single Point of Contact for Microsoft Services

Customers benefit from streamlined communication and coordination across licensing, support, and implementation

### Cost Optimization Through Licensing Strategy

CSP licensing via partners like Ravanty offers flexible, cost-effective options with bundled value-added services (e.g., free support months)

### Rapid Response to Emerging Needs

Consulting partners can pivot quickly to address new priorities like AI enablement, Copilot readiness, or security hardening

### Access to Microsoft-Funded Programs

Partners can unlock ECIF funding, strategic engagements, and funding opportunities that customers may not access directly

### Improved ROI on Microsoft Investments

Consulting ensures full utilization of Microsoft tools, avoiding underuse and maximizing return on licensing and infrastructure spend

## Packages Built with Flexibility in Mind

### Bronze

# \$5,000/mo

or \$55,000/yr

Entry-level access to certified Microsoft experts with flexible monthly consulting hours. Ideal for organizations beginning their Microsoft cloud journey.

GET STARTED

MOST POPULAR

### Silver

# \$8,000/mo

or \$88,000/yr

The most popular tier, offering expanded consulting hours and deeper engagement across the Microsoft ecosystem for growing organizations.

GET STARTED

### Gold

# \$14,000/mo

or \$154,000/yr

Maximum consulting hours and priority access to Ravanty's top-tier experts, designed for enterprises with complex, multi-workload Microsoft environments.

GET STARTED

All plans are available as **month-to-month or yearly subscription** (billed monthly). Save more when you choose Ravanty as your CSP provider. Monthly hours must be consumed within a given month for month-to-month services. Yearly subscription allows hours to be carried over up to 90 days, with all hours to be consumed within a 12-month period.

## What our clients say

"Ravanty was an absolute pleasure to work with! Their expertise in Microsoft technologies, especially Copilot and Entra ID, was evident from the start. They seamlessly integrated security measures and governance protocols, ensuring our data was always protected and compliant. The project management team was top-notch, keeping everything on track. What truly stood out was their dedication to adoption; they provided comprehensive training and support, making sure our team was fully comfortable with the new systems. Ravanty consistently went above and beyond, proving to be a reliable partner we could count on. Highly recommend Ravanty for any project!"
