

## [MICROSOFT COMPLIANCE SOLUTIONS]

# We design solutions that help you stay compliant

## [CHALLENGES WE RESOLVE]

In a complex regulatory environment, we can help you unlock the benefits of state-of-the-art technologies that enable your organization to manage risk and maintain compliance.

Our process allows you to:

- Identify, assess, and mitigate risk around data protection policies
- Ensure adherence to industry-specific regulations and standards (including CMMC 2.0\*)
- Safeguard sensitive information and prevent data loss
- Enable proactive risk management strategies
- Ensure proper access to systems and data
- Monitor policy adherence across the organization

\* For the Defense Industrial Base (DIB), we offer detailed knowledge of Microsoft Azure Government, Office 365 GCC-High, and a deep understanding of the needs of entities operating within the US federal government ecosystem.

## [AREAS OF EXPERTISE]

Our experts work closely with you to deploy the following state-of-the-art Microsoft compliance solutions, while also building a long-term strategy that fits your organization.

- ✓ Data Loss Prevention
- ✓ Insider Risk Management
- ✓ Microsoft Information Protection
- ✓ Azure Government
- ✓ Office 365 and Office 365 GCC-High
- ✓ Data Retention and Lifecycle Management

## [OUR APPROACH]

With our expert guidance and the right tools, your organization will be empowered to implement requirements seamlessly while ensuring targeted, secure access to your most sensitive data. Our process allows you to:

### 1. Gather compliance & risk management requirements

Based on the unique challenges and needs of your organization.

### 2. Define policies & standards

For data governance, classification, protection, and retention.

### 3. Transform policies & standards to a technical design

Including MIP labels, data loss prevention policies, and data retention policies & tags.

### 4. Pilot rollouts of recommended solutions

Monitor performance, make necessary adjustments, and move to global rollout/enforcement.

*"We would recommend the Ravenswood team and services to any company. Because they grasped what we really needed, they were able to advise us on solutions that made the most sense for our unique organization and risk tolerance"*
