Microsoft 365 Compliance Manager Deployment

About Razor Technology and the Compliance Manager Deployment

Razor Technology offers comprehensive support, deployment, integration and adoption services for the Microsoft Compliance portfolio of solutions. Our Compliance Manager offer expertly implements, supports and provides a roadmap for continuous support

What Customers are Saying

"Razor Technology's Digital Business practice helped us to deploy Compliance Manager quickly and expertly!"

– VP and CIO, Enterprise Media and Publishing Company

Compliance Manager Implementation

Razor Technology offers a comprehensive planning, deployment, integration and adoption service around the full M365 portfolio of solutions.

Compliance Manager Deployment will help you to:

- Quickly deploy advanced Compliance Manager assessments

- Deliver personalized implementation steps including training and personalized briefings

- Implement and integrate the identity, information protection, privacy and security settings required to meet specific compliance certifications

- Provide licensing, administration and integrated support for your Microsoft 365 Estate

Compliance Manager Offering:

- Eight week deployment and implementation methodology

- Implement one main Compliance module

- Live briefings, implementation of assessment module, documentation

- Process, communications, best practices, support and administration to get started quickly and grow
