

★ DataQI

Employees spend **1.8 hours** every day searching and gathering information.

McKinsey Report

Put another way,
a business has **5 employees...**

but **only 4** show up to work.

The 5th is off **searching for answers.**

Introducing DataQI

A secure, scalable and customised Large Language Model (LLM) platform.

By integrating with your organisation's data sources, it enables users to quickly retrieve real-time, **context-aware answers** from your existing knowledge base.
