# Experts in Azure Cloud Solutions

Azure

RBA has a proven track record working with companies, large and small, on the planning and execution of their migration to Azure. Our experience ranges from the delivery of net new solutions leveraging Azure platform capabilities, to reimagining existing solutions that can better serve the organizations needs within the Azure environment, to finally, extending existing solutions to leverage a hybrid model of execution.

- Data Center Migration
- DevOps
- Security and Access Control
- Integration
- Web / eCommerce
- Managed Services

## Experience Matters

At RBA we have been working with Azure since day 1. We invest in staying current with Azure and it shows. We have a deep portfolio of enterprise solutions spanning multiple solution types along with an excellent team of certified experts.

## Azure CIE Certified Engineers / Trainers

We have a team of Azure engineers who are certified to deliver Microsoft Customer Immersion Experience (CIE) seminars as well as train our clients on Azure specifics.

## Partner Cloud Solution Architects

At RBA we also act as an extension of Microsoft through their virtual partner specialization program focusing on Azure. As a P-CSA, we support the onboarding and readiness of clients to Azure.

## RBA Azure Portfolio

At RBA we have worked with over 100 organizations throughout the country on Azure solutions.
