## Convert Postbox Files to Various File Types

1. Click on "Select..." button located on next screen and select the folder which contains your Postbox files and then click "Next".

2. If the selected folder contains sub-folders (or folders deeper in folder hierarchy) with *.mbox files then whole folder hierarchy will be displayed.

3. Select required folders to convert.

4. Select Saving option and Choose desired saving location to proceed for conversion.

**Step 2:** Select **Files or Select Folders** to the software panel.

**Step 3: Check and uncheck** the required Postbox email folder as per your need.
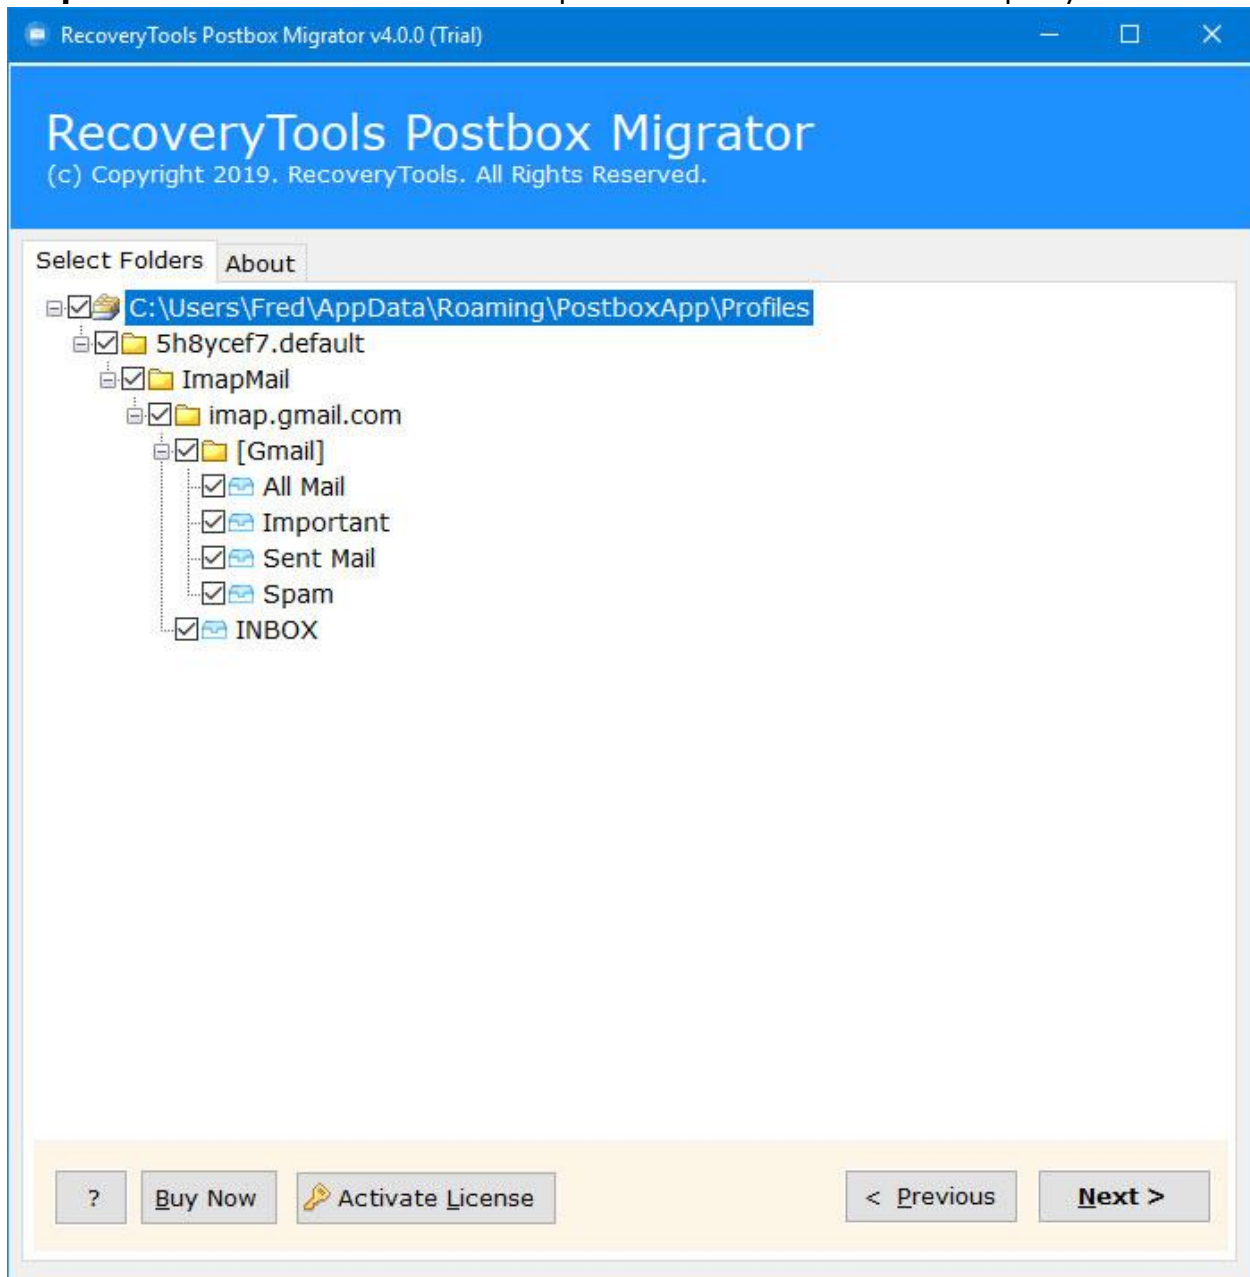

**Step 4:** Select the **saving** format from the list of options.

**Step 5:** Choose the **location and Click Next** to start the conversion process.

After you complete all the steps this Postbox Migrator tool will automatically convert them to your chosen format. It keeps all your folders, email details and attachments safe during the process. Just a few clicks and your Postbox data is moved to platform you need.

**Conclusion**

Overall, the RecoveryTools Postbox Migrator offers an easy solution to export Postbox emails, contacts, calendars and attachments to over 25 formats. It ensures your emails and folders remain intact while supporting popular formats like PST,

PDF, EML and etc. The tool is simple to use and fast for bulk migrations which make this tool a perfect choice.
