

RecoveryTools Yahoo Backup Wizard

Ideal Solution to Backup Yahoo Mail In 35+ Standard File Formats

The RecoveryTools Yahoo Backup Tool is an advanced utility with an easy interface that helps save Yahoo Mail items to avoid any sort of data loss and easy migration from one account to another. It is highly recommended by experts due to its ability to backup selected Yahoo mail files, quick backup of the entire Yahoo mailbox, and backup of Yahoo data from multiple accounts at once. In addition to that, this Yahoo Mail backup software offers 30+ different saving options such as PDF, MBOX, HTML, MHT, XPS, CSV, EML, and so on which makes it more versatile to use. Another appreciating feature of this utility is that it also downloads the Yahoo Mail attachments and maintains the folder structure which eventually helps in better data management. Not only that but this software also guarantees a safe, secure, and reliable Yahoo Mail backup experience in terms of data integrity and software usage.
