

Regain for Thunderbird to Office 365 Migration Working Guideline

Are you planning to migrate your emails from Mozilla Thunderbird to Office 365? The **Regain Thunderbird to Office 365 Migration** tool is a professional solution designed to help users effortlessly switch platforms while preserving their mailbox integrity. Whether you're an individual user or part of an organization, this software simplifies complex email migration processes with ease and precision.

Why Use Regain Thunderbird to Office 365 Migration Tool?

Thunderbird uses the MBOX file format, which is not directly compatible with Office 365. Manual migration is often time-consuming and error-prone, especially when dealing with large volumes of emails or multiple user accounts. The [Regain Thunderbird to Office 365 Migration](#) tool eliminates these challenges by offering a direct and automated method to transfer all your Thunderbird mailbox data—including emails, attachments, contacts, and calendar entries—directly into your Office 365 account.

This tool is also ideal for users moving to other email platforms like **Exchange Server, Gmail, Yahoo Mail, Yandex Mail, Rediff Mail, Zoho Mail, GoDaddy, Outlook/MSN/Hotmail, Hostinger Web Mail**, and **all IMAP-supported accounts**.

How the Software Helps

Regain's migration tool goes beyond just email transfer. It allows you to **save your data in multiple formats**, including **vCard (VCF), ICS (for calendars), EML, EMLX, PDF, HTML, MSG, MBOX, TGZ**, and more. This flexibility ensures your data can be reused, archived, or migrated to other platforms as needed.

Key advantages:

- Preserves folder structure and metadata
- Supports batch migration for multiple mailboxes
- Filters for selective migration by date, subject, or folder
- No data loss or corruption
- Compatible with all Windows and Outlook versions

Software Working Process

1. **Install and launch** the Regain [Thunderbird to Office 365 Converter](#) tool.
2. **Select Thunderbird mailbox files** or auto-detect the profile.
3. Preview your mailbox data, including emails, contacts, and calendar entries.
4. Choose the **destination platform** (Office 365 or another supported client).
5. Apply filters if needed, then click **“Start Migration.”**

In just a few clicks, your entire Thunderbird mailbox is safely and accurately migrated to Office 365. Regain ensures a secure, fast, and user-friendly experience with zero data loss.
