

AI Value Realization & Agent Build Accelerator

Identify the highest-value AI opportunities in your business and validate them through a functional agent aligned to a real workflow.

Discover. Govern. Build. Scale.

Find the use cases

Validate responsibly

Create the scale path

Hero workloads: Copilot • Copilot Studio • Azure AI Foundry • Azure AI Search/RAG • Entra governance • Power Platform automation

Ideal fit

Organizations in FSI, retail, manufacturing, telecom, public sector, energy, and healthcare looking to begin or structure AI transformation.

01

Prioritize value

Identify and rank AI opportunities against business KPIs and workflow pain points.

02

Set the guardrails

Review governance, data boundaries, risk, and implementation considerations early.

03

Build a functional agent

Validate a priority use case with Copilot Studio or Azure AI Foundry.

04

Plan the scale path

Give leadership a clear roadmap for feasibility, impact, and next-step investment.
