CLASS INSTRUCTOR MODULES

Live Thumbnail View

Live Thumbnail View

View the screens of your students' devices in real time to ensure they are keeping to the task on hand. Take control of multiple devices to offer guidance or support to your students.

## Manage Substitute Teachers

View the screens of your students' devices in real time to ensure they are keeping to the task on hand. Take control of multiple devices to offer guidance or support to your students.

Lock Screen

When you need the full attention of your students, Lock Screen prevents any unwanted distractions. With customizable colors and messages, you're in full control no matter the size of the class.

Pin Groups

Easily create ad hoc groups, perfect for after school clubs or detentions where the teacher will need to manage an unscheduled classroom of students. Teachers can invite students with a simple PIN code.
