

Viva Engage Launch: One Day Assessment

A discussion and assessment with our Global Viva Engage Experts to uncover your business needs when considering a move to Viva Engage or increasing your adoption on the platform.

Why Valorem Reply?

There's so much stuff out there written about Viva Engage. The blogs are everywhere! From someone telling you the top 76 ways to get the best from Viva Engage, while handing out Viva Engage themed cookies, to the 397 things not to do when you launch a Viva Engage Network - it can get confusing. That's why we offer this 1-Day Assessment. As Viva Engage experts, we've collected the best-case studies and work with expert partners to give you the information that matters.

Whether you need to prepare for a launch, shake up your existing Viva Engage network, migrate content from other social platforms, truly mature your network, or pitch the shift from Viva Engage to Viva Engage, we can help you unpick what will work best. You will leave the assessment with a report detailing which approach we can tailor for your business.

Valorem Reply is an experienced digital consultancy specializing in Microsoft technology. It is recognized as a leader in Microsoft 365, which includes Viva Engage, is a Modern Work designated Microsoft partner, one of few Viva Engage Adoption Specialist Consultancy, author of [Viva Engage Guide](#) and an Employee Experience Finalist for the Microsoft Partner of the Year awards.
