

FRONTLINE DIGEST

A Custom Teams App to **Connect**
your Frontline Workers

Developed and designed by WM Reply, the **Frontline Digest** brings key information directly to your Frontline Workers, giving them everything they need to know before starting their shift in a short, digestible format that is easily surfaced with the **Teams app**.

Read targeted headline news

Read missed critical SharePoint news from the past week, integrated with images and videos from news posts with built in acknowledgements.

Priority tasks for the week

Know your priority assigned tasks for the week and view or action task details as needed.

See upcoming shift schedules

View your full shift schedule for the upcoming week.
