

VIVA LEARNING CONNECTOR

INTRODUCTION

Our solution enables you to streamline employee training by integrating Reply LMS (or generic LMS, e.g. Moodle) with Viva Learning. This allows your team to take full advantage of social learning, progress tracking, and academy-building features, creating a more engaging and effective learning environment. With seamless Microsoft Teams integration, your company can consolidate all training materials in one place, foster collaboration, and encourage knowledge exchange through chats and group discussions.

CHALLENGES

VL CONNECTOR ENABLES YOUR COMPANY TO A NEW LEVEL OF LEARNING EXP

Importing Courses from LMS

Allows integration of courses from a generic LMS into Viva Learning

Creates a single point for corporate training

Synchronized Functionality

Timely synchronization of course assignment and progress

Improving Learning Experience

Understanding how to enhance the learning experience

Integration with Microsoft Teams

Brings corporate training to Microsoft Teams

Stimulating Participation

Learners can share courses using Teams cards

SOLUTIONS

SaaS Solution

Our Viva Learning connector can be a SaaS solution. Your company can then activate it in the same time of a coffee break, with no management required

Custom Solution

Our Viva Learning connector can be also a custom solution. We can support your company IT department during all phases of installation

Book a demo

We are available for a complete demo of our solutions. If your company uses another LMS, we can help you to integrate it into Viva Learning and MS Teams
