Automation Program Fast Start Kit
2 Week Implementation

Enable your organization's Power Platform adoption by implementing consistent governance

This two-week fast start program consists of rapidly setting up the Power Platform and establishing a Center of Excellence (CoE) to drive adoption, provide governance and enabling content delivery, including via the installation and configuration of the Microsoft CoE starter kit and Power BI Dashboards to provide tenant wide insights into program effectiveness.
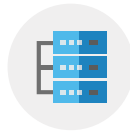

What We Will Cover

Introductions

Review your current IT environment and configurations, including gathering of requirements to establish an environment strategy

Discuss organization's goals and objectives

Facilitate the configuration and setup of Power Platform Environments

Define an IA strategy for your organization

Utilize Reveal Group's automation governance experience, to create a fit-for-purpose governance approach to support the Power Platform, including the implementation of Power BI Dashboard to provide tenant wide insights
