Intelligent Automation Pilot
4-Week Implementation

Utilizing a proven configuration methodology to deliver a solution in-line with best practices with Power Platform by Reveal Group

With the following service, we offer a more comprehensive fast start option that not only establishes the automation program fundamentals via a Power Platform Centre of Excellence (CoE) but also delivers a tangible automation outcome for the business function of your choice via a rapid development project for an app or Power Automate flow.

The objective of this service is to introduce the Power Platform and demonstrate its capabilities during the duration of the implementation. This implementation is also to serve as an internal case study to help educate and inform other business functions/departments as to how Intelligent Automation may be able to help them, whether it's benefiting from efficiencies, performance enhancement or cost savings associated.
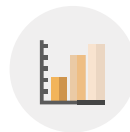

What We Will Cover

Collaborate closely with you to conduct process walkthrough

Perform unit and User Acceptance testing

Design & build the solution

Deliver showcase of the solution
