

Frontline Worker M365 Native Mobile App

Baseline Investment: \$400k

Estimated Timeline: 3-4 Months

Spark Connect. A purpose-built native mobile app that empowers frontline workers with a seamless, personalized digital experience mirroring SharePoint—fully powered by Microsoft 365.

With custom branding and a React Native foundation, Spark Connect delivers a seamless mobile-first experience that transforms SharePoint into a dynamic, on-the-go content hub.

It empowers deskless employees across healthcare, retail, manufacturing, and field services to access critical tools and communications anytime, anywhere—boosting productivity, reducing burnout, and strengthening organizational alignment.
