VIRTLXTM

More than an Engagement Platform

VirtlX Product Presentation 2025
Critical Profits Leak Silently in the Data Overload, No
Human Can Track It All

Who is Rison Software?

- ▶ Founded in 2017, based in the UK
- ▶ **Creators of: VirtlX Engagement Platform**
 - ▶ Dedicated to empowering businesses with seamless employee enablement and customer engagement.

- ▶ **Our Mission**

To transform multiple data source-insights into AI-generated actionable training with VirtlX.

RISON SOFTWARE

Limited

What is VirtlX?

VirtlX: AI-Powered Business Success

- ▶ Unified platform for employee and customer insights
- ▶ AI analyses VirtlX survey feedback to pinpoint improvement areas
- ▶ Delivers tailored, **SCORM-compliant training** via Nemo
- ▶ Upskills employees, using the **Onboard Learning Management System (LMS)**, to address gaps and boost customer value
- ▶ Drives success with **real-time, data-driven** decisions

Why Choose VirtlX?

- ▶ **Core Features**
 - ▶ **Employee Tools:** Conduct 360° reviews, appraisals, satisfaction surveys
 - ▶ **Customer Engagement:** Automated surveys with Google Reviews integration
 - ▶ **Analytics:** Real-time AI-based insights on gathered data
 - ▶ **Training:** Nemo uses AI to create tailored training materials and quizzes
 - ▶ **Onboard LMS** to upskill employees where it matters
- ▶ Cloud-based, accessible anytime, anywhere

Nemo's AI-Powered Training

- ▶ Nemo, VirtlX's AI bot, transforms survey data into actionable training:
 - ▶ **Rapid Content Creation:** Generates SCORM-compliant training materials and quizzes led by employee and customer feedback
 - ▶ **Customizable Quizzes:** Tailors assessments to specific products, services, or compliance needs (e.g., GDPR training)
 - ▶ **Dynamic Recommendations:** Provides scenario modelling and insights for rapid business adaptation
 - ▶ **Unbiased Analysis:** Processes large datasets to deliver clear, actionable insights

Case Study – Gear4music

- ▶ Gear4music, a leading UK retailer, used VirtlX to deliver GDPR training:
 - ▶ **Challenge:** Train employees on GDPR compliance with clear performance tracking
 - ▶ **Solution:** Nemo created bespoke training materials and quizzes, distributed via VirtlX's bulk email system
 - ▶ **Results:** Achieved 97.25% engagement, with dynamic reporting highlighting areas for improvement

Gear4music

Boost Your Reputation

- ▶ **Automated Review Requests:**
 - ▶ Nemo triggers Google Review invitations post-interaction
- ▶ **Centralized Management:**
 - ▶ Monitor and respond to reviews within VirtlX.
- ▶ **Performance Insights:**
 - ▶ Analyse field agent performance to drive improvements
