Microsoft Security Solutions

End-to-End Security for the Enterprise

Microsoft security solutions provide a unique offering of out of the box end to end security for the enterprise, delivering more capabilities at lower cost.

As security threats continue to evolve, organizations need to focus scarce resources on proactive risk mitigation and operational resilience.

Global Business Consulting

Why Protiviti

Protiviti, the 2023 Microsoft Compliance and Privacy Trailblazer, offers robust and comprehensive security solutions and practices to help organizations maximize their Microsoft investment. As a Microsoft Solutions Partner and a Microsoft Security Services Provider, Protiviti helps clients across different industries, global reach, and organizational complexity achieve their security objectives.

How We Help

- Microsoft solution specific workshops, proof of concept delivery, and training

- Security technology rationalization, architecture review, and strategy development

- Implementation and optimization of existing and Microsoft security solutions

- Independent validation of Microsoft security solution deployment and resilience

- Managed security services

INNOVATE. TRANSFORM. SUCCEED.

Protiviti's Microsoft Security Solutions

Protiviti's deep security expertise and risk consulting heritage offers clients a unique combination of strategic advice and tactical support in embracing Microsoft security solutions. Our proven approach helps clients adopt Microsoft security solutions in day-to-day operations, to enable end-to-end enterprise security and business value.
