

RSM Grants Management System

Contract and Company Management

- Track all data and relationships for individuals and organizations
- Visibility into key metrics, nonfinancial statistics, subscriptions, etc.
- Configurable and scalable to grow with your organization

Funding Flow and Reimbursement Activity

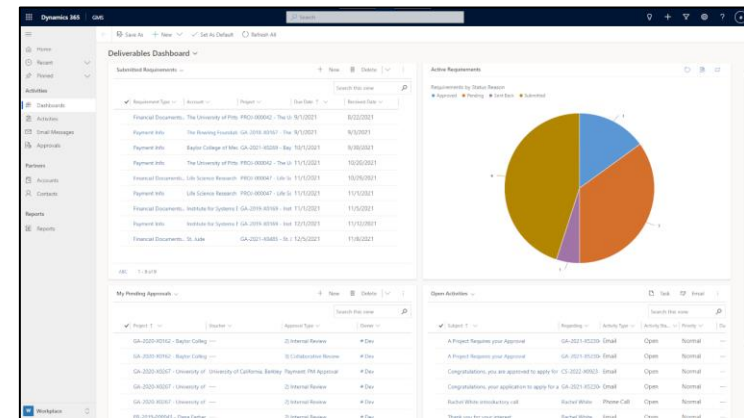

- Manage all components of the grants process
- Real time visibility of funds into and out of grants and projects
- Automate tracking invoicing, time-based drawdowns and fund disbursement

Awards and Achievements

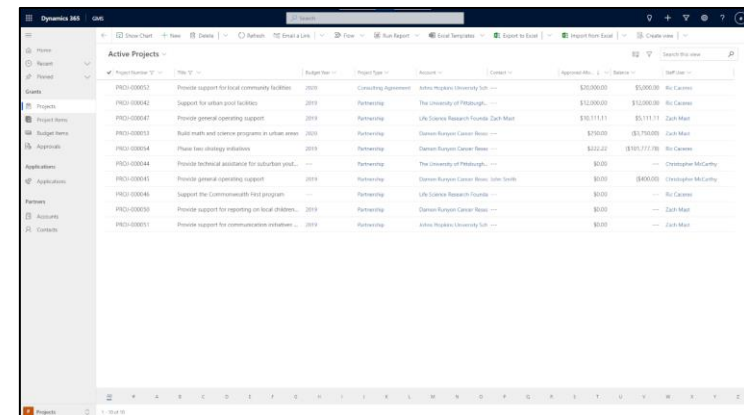

- Automated tools for award management
- Scoring and assessments for partners and grantees
- Automated communication of operational notifications

Financial Reporting and Integration

- Manage program income and supplements, determine source allocations
- Manage grantee and sub-grantee invoicing
- Import Excel reports from financial systems and export grant related transactions
