Tyler Munis Fabric Integration

About RSM

RSM, with over 64,000 people in 120 countries, delivers the Power of Being Understood to our clients, colleagues and communities through world-class audit, tax and consulting services tailored to meet the unique needs of middle market businesses. Our Data and Analytics practice offers end-to-end data solutions, from integrating and modeling data to developing AI strategies, building analytics, and ensuring proper governance.

What we offer

Our Tyler Munis Fabric Integration delivers a fully managed, AI-ready data platform designed for State & Local Government organizations. Our solution connects Tyler Munis ERP to Microsoft Fabric using prebuilt connectors for key domains, including finance, enabling centralized data access through OneLake. With built-in governance via Microsoft Purview and tailored Power BI dashboards, clients gain real-time insights and enhanced operational visibility. Automation tools streamline reporting and compliance, while low-code workflows reduce IT overhead. We support adoption through targeted training, workshops, and onboarding, ensuring measurable success and long-term value.
