

Power App in a Day Workshop

Drive innovation and efficiency in your organization with the Low Code Microsoft Power Platform

Why Microsoft Power Platform

In a fast changing world it is important for companies to stay ahead and drive innovation. The Microsoft Power platform helps create a culture of innovation and drive ideas to solutions in a never seen pace. In this workshop we want to help you envision what the power of the platform can do for your business.

This workshop is for you, if you are looking

- To explore how the Power Platform fits into your business needs.
- To evaluate the Power Platform as a viable Low-Code platform.
- To determine the value of the tools the platform provides.
- Just for some basic training & guidance in how to best use the Power Platform.

Up to 15 persons

8 hours

On Location*

Workshop

Our schedule for the day

- Introduction to the Power Platform
- What are Canvas Apps
- Lab 1
- What is Dataverse
- Lab 2
- What are Model Driven Apps
- Lab 3
