THE COMPANY OVERVIEW

Sankshit Group is an AI Software Company that offers a unique customer buying experience with the use of the newest tech-based approach, with the goal of bringing human touch sensation and providing total hassle-free shopping, making life easy and feasible. The Department of Promotion of Industry and Internal Trade & MSME, as well as numerous media outlets such as Your Story and Financial Express, have approved and recognised Sankshit Group as a startup. It develops a product under the name called "AAIENA" that uses AI/ML to manage difficulties in the retail and fashion industries like as fitting, returns, and more, while also providing a contactless 3D experience.

PRODUCT DESCRIPTION

AAIENA SIZING KIOSK empowers your customer with a accurate size recommendation solution & 3D experience .

- The products leverage AI/ML to solve Online Fashions most common problem & is being used by Apparel & Clothing industry in India to bring the much needed process improvements in Sizing & Returns Management and to better connect the Brand with their Consumers.
- We provide Retailers JIT Size & Fit advice to Shoppers to turn them into informed buyers, increase Conversion rates & average Order value. The Aim is to achieve ZERO RETURNS for RETAILERS the costs of which plagues the Retail fashion Industry margins and which will become more diverse with BNPL (Buy Now Pay later) Models.
