BUSINESS **PROPOSAL**

satrack

Our experience

- Over 28 years of experience in GPS tracking technology for vehicle transport and logistics operations.
- More than 51,000 customers representing over 110.000 monitored vehicles.
- Presence in 10 countries: United States, Colombia, Ecuador, Panama, Guatemala, El Salvador, Honduras, Costa Rica, Nicaragua, and Mexico.

What our customers are saying

A lot of help

Using Satrack's GPS to track our drivers is very convenient. If we want to estimate their arrival time or know when they started or ended their day, we don't need to call them while they are driving. Satrack has been a lot of help.

Laura Valdivia
Manager
Corona Trucking

Customer support

"Great GPS tracking system and wonderful customer support."

Craig Leiss
Business Owner
Miranda's Towing

¿Why choose us?

- **A CUTTING-EDGE APP AND WEB PLATFORM**
