

Dynamics 365 Move to the Cloud

Looking for an easy and fast way to get started with Microsoft Dynamics 365 Sales? Discover our Kickstart program that gets you and your sales team up and running with Microsoft Dynamics 365 Sales in 6 weeks.

Why

Migrating to the cloud provides scalability, cost savings, and accessibility. Automatic updates ensure access to the latest features and security updates. Integration with other Microsoft cloud services provides a comprehensive and connected business solution.

What

The Fast Forward track is aimed at companies using Dynamics CRM On-Premise and looking at moving to the cloud. A migration to the cloud can be challenging, especially if you don't have a Microsoft Certified Partner who's experienced in Migrations.

At Savaco, migrating customers to an online environment is our expertise. We've been working with Microsoft Dynamics CRM since version 3.0 which means we not only have knowledge of the existing Dynamics CRM versions... Years and years of Dynamics CRM Experience have also given us a rich set of in-house tools and applications specifically aimed at migrating Dynamics CRM environments.

Technologies

- Dynamics 365 Sales
- Dynamics 365 Customer Service
- Dynamics 365 Field Service
- Dynamics 365 Customer Insights
- Microsoft Power Platform
- Microsoft Power BI
- Microsoft Copilot
- Microsoft 365

BUSINESS CHALLENGES

On-premise apps require businesses to invest in hardware, software, and IT staff to maintain the system, which can be expensive. They have limited scalability, high maintenance costs, and lack of flexibility.

VALUE DELIVERED

Using Dynamics 365 Online your CRM system is accessible anywhere, anytime and on any device. Thanks to Microsoft's continued investments in IT infrastructure, security, and AI capabilities your CRM is best in class.

HOW WE DO IT

With our Fast Forward program, we deliver a smooth transition to the Cloud. In close collaboration with Microsoft's FastTrack team and through the application of the Success By Design framework, we ensure your migration roadmap turns into a successful digital transformation.

How

We use the Success By Design framework by Microsoft which provides guidance and best practices for each of these steps, helping businesses to ensure a successful migration to the cloud with Dynamics 365.

Outcome

Your Dynamics 365 environment, on top of Microsoft Power Platform forms the fundamentals of your digital journey. This is the foundation for a future-proof scalable solution. We help you achieve added value for your users and business.

Related Consulting services

After your successful migration to the cloud, we support and guide you to maximize the benefits of Microsoft Dynamics 365. Whether you are using Sales, Marketing, Customer Service or Field Service, our industry experts will help you achieve your goals.
