Managed XDR

Discover the Future of Security with Our AI-Driven MXDR Service

Our MXDR service, powered by SCC's Aegis platform and our security operations team, offers round-the-clock protection across your entire estate. Gain a complete understanding of your environment, people, processes, and risks with our rapid incident response so your team can concentrate on what truly matters.

Our entire SecOps team is equipped with our proprietary technology to deliver future-proof security solutions for your unique needs. This approach ensures faster resolution times, lower security costs, and smarter proactive prevention tactics.

Key Benefits of MXDR

Always-On Security

We protect your organisation 24/7/365, giving you peace of mind that you are secure.

Focus on what matters most

Increase your team's productivity by freeing up their time and resources to focus on core business activities.

Optimise ROI

Avoid security vendor sprawl by streamlining your security providers with a unified platform approach using best-of-breed technology to maximise ROI.
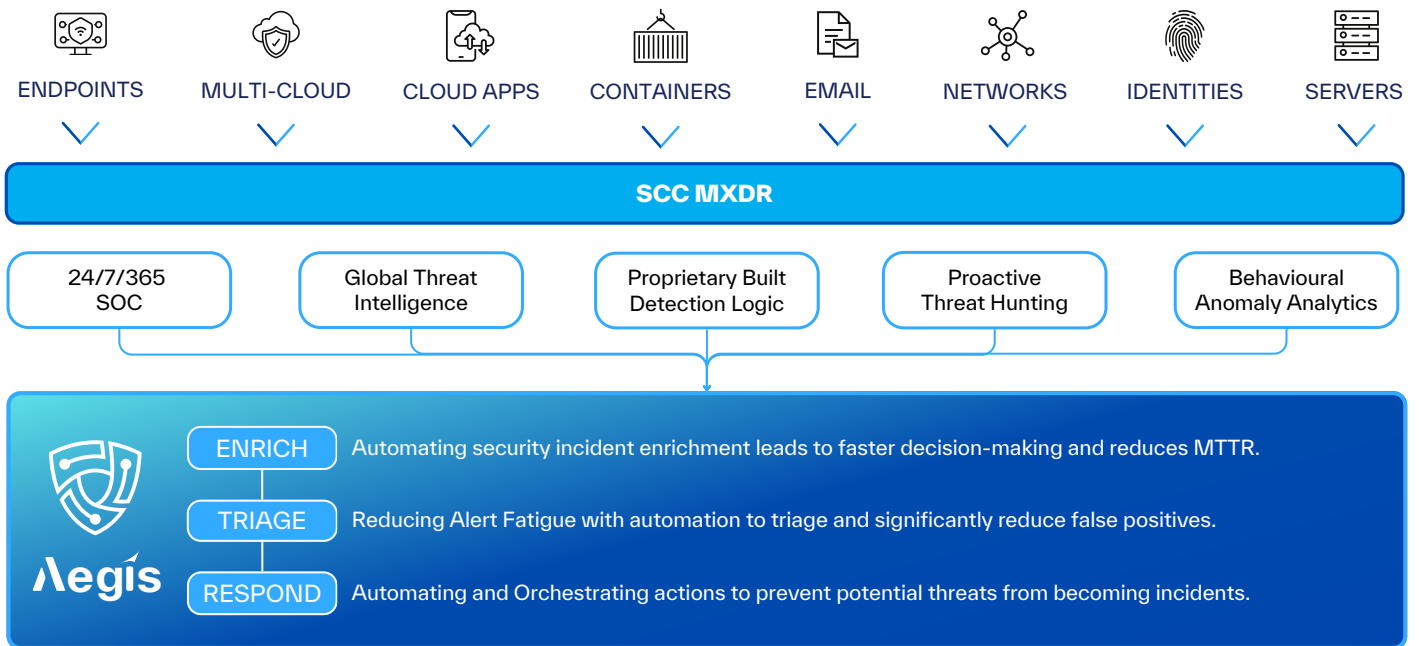

Enhance threat visibility

With advanced automation and real-time analysis, our service offers end-to-end visibility across your entire environment.

Aegis

ENRICH — Automating security incident enrichment leads to faster decision-making and reduces MTTR.

TRIAGE — Reducing Alert Fatigue with automation to triage and significantly reduce false positives.

RESPOND — Automating and Orchestrating actions to prevent potential threats from becoming incidents.

Why SCC?

At SCC, we redefine cybersecurity by seamlessly blending reliability, expertise, and a commitment to your journey in the digital landscape. Our comprehensive solutions are tailored to your organisation's needs and its maturity level, ensuring a robust defense against ever-evolving cyber threats.

Moving beyond today's security paradigms, we're architects of a new era—one where security isn't just a measure but a culture. Our people make the difference—through collaborative partnership, and proactive support, we create the confidence to push boundaries securely. With expert guidance tuned to your growth ambitions, we help clear obstacles, accelerate outcomes, and embed effective security principles across people, process and technology.
