

SCC FastTrack Testimonials

Working with SCC and FastTrack

West Suffolk

NHS Foundation Trust

“Getting the backing of Microsoft and one of its FastTrack partners SCC, helped us to plan / deploy Intune for our estate. By bringing SCC into the programme early, it helped our IT team really understand how to get the most out of product and integrate it into a complex environment. We had regular meetings with our FastTrack partner Manager and engineers during the process and I can highly recommend it to anyone looking to plan / deploy Microsoft 365”

Sabrina Vinton
ICT Programme Manager
NEL Commissioning Support Unit

Working with SCC and FastTrack

South Warwickshire **NHS**

NHS Foundation Trust

“Working with both SCC and Microsoft, SWFT have been able to deploy their Microsoft solutions correctly and in a very tight timescale. The FastTrack team have been able to realise our vision and help us implement the foundations to Microsoft best practice, allowing us to build outwards on a solid platform.”

Andrew Laverick
Director of IT & Strategic Digital Advisor
SWFT Clinical Services Ltd

Working with SCC and FastTrack

“SCC have opened the doors to many areas of funding that Arriva have not been exposed to before, leveraging their knowledge and expertise to help us train our own internal team and offer the benefits back to our business through enhanced adoption services.”

Clare Shaeffer
Desktop Services Manager
Arriva

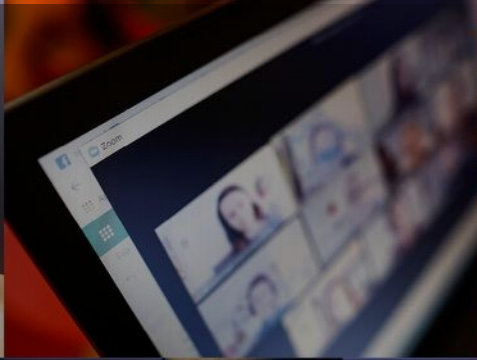

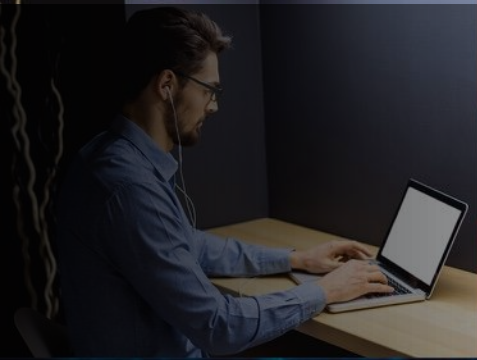

Working with SCC and FastTrack

“Working with SCC as a FastTrack partner has helped NMCN navigate the minefield that is Microsoft and its funding and programmes. Through initial engagement and Cloud Accelerator workshops, SCC have been very professional, understanding our needs and requirements and aligning the correct effort where it was required...”

Nick Banks
Operation Director
North Midland Construction PLC
