Welcome to  
**My LifeJars**  
Let's take a tour

**Information | Passwords | Memories**

# Compliant

***“We're on the web accessibility A-team, acing the WCAG playbook, ADA-approved, and running a tight ship with monthly check-ups!”***

The screenshot displays the accessScan interface. The main header shows 'accessScan' and 'Scan results for mylifejars.com'. A large green checkmark and the word 'Compliant' are prominently displayed. Below this, a message states: 'Great work! mylifejars.com meets the Web Content Accessibility Guidelines (WCAG) and is ADA-compliant.' At the bottom of the main section, it notes 'accessWidget is detected on the website'.

Below the main section is a table titled 'Your audit history' with a search filter for 'domain.com' and '(18 total)' results. The table has columns for 'Webpage', 'System', 'Date', and 'Verdict'. Two rows are visible, both showing 'COMPLIANT' results for 'mylifejars.com' and 'app.mylifejars.com' on 'February 1, 2024'.

An 'Accessibility Adjustments' overlay is shown on the right side of the screen. It includes buttons for 'Reset Settings', 'Statement', and 'Hide Interface'. Below these is a search bar with the text 'Unclear content? Search in dictionary...'. The overlay lists several accessibility profiles with 'OFF' and 'ON' toggle switches and icons:

- Seizure Safe Profile: Clear flashes & reduces color
- Vision Impaired Profile: Enhances website's visuals
- ADHD Friendly Profile: More focus & fewer distractions
- Cognitive Disability Profile: Assists with reading & focusing
- Keyboard Navigation (Motor): Use website with the keyboard
- Blind Users (Screen Reader): Optimize website for

At the bottom right of the overlay, it says 'Web Accessibility By accessiBe'. Below the overlay are two circular icons: a blue one with a white person symbol and a gold one with a white speech bubble symbol.
