

## MODERNIZE COMMUNICATIONS WOKSHOP

Showcase modern calling capabilities and build a plan to deploy and adopt Microsoft Teams Phone

### Calling with Microsoft Teams Phone

Now more than ever, businesses need a modern voice solution and phone system capabilities that combines unified communication and teamwork. Microsoft Teams Phone provides the features organizations need to deliver seamless, collaborative experiences for employees, business partners, and customers. Because implementation of calling solutions can be complex and involves network remediation, Microsoft 365 service deployment, telephone number provisioning/porting, and device deployment, customers need partners with this highly specialized skillset.

## Modernize Communications Workshop

Introducing the modernize communications workshop: a modular commitment to experience the vision of Microsoft Teams Phone and advanced communication scenarios.

This workshop is designed to guide you through the process of a simplified enterprise voice solution with integrated, reliable, high-quality calls. Through 'Art of the Possible' demos, use case design, and in-depth planning, you'll get practical recommendations for deploying and adopting the Microsoft Teams phone.

## Assess

Gather information on current environment and practices for calling

## Art of the possible

Showcase modern calling capabilities powered by Microsoft Teams Phone

## Build the plan

Build the plan for how to deploy and adopt Microsoft Teams Phone

## Workshop Deliverables

- An evaluation of your current telephony and PBX needs
- Environmental and workload analysis, including existing infrastructure and telephony state
- Demonstration of the end-to-end Microsoft Teams calling experience to showcase Microsoft Teams Phone as your telephony solution
- Direction on how to transition various user profiles into a modern collaboration and communication environment
- Showcase the rich portfolio of third-party applications and devices that can complement the Microsoft Teams Phone experience
