**SENTINEL SERVICES JUMPSTART**

## **Sentinel Azure AI Jumpstart**

Recent advancements in AI have the potential to transform business operations. Platforms like Microsoft Azure AI, Amazon Q, and OpenAI offer AI services for knowledge mining, document processing, content development, and more. Sentinel's AI Jumpstart allows easy deployment and integration of services and data from any provider, fostering innovation and optimizing productivity. Azure AI is scalable, secure, and reliable, ensuring quality performance and protection.

The latest advancements in artificial intelligence (AI) have the capabilities to revolutionize the ways business is conducted. Microsoft Azure AI and its partnership with research and development company OpenAI offer comprehensive suites of AI services ready to assist in areas such as knowledge mining, document processing, content development, chatbots, language translation, and speech transcription.

## Jumpstart Highlights:

*Revolutionary advancements in AI have the potential to transform business operations. Platforms like Microsoft Azure AI, and OpenAI offer advanced services for knowledge mining, document processing, content development, and more. Sentinel's AI Jumpstart is your gateway to this exciting new world. Foster innovation, optimize productivity, and find ways to revolutionize your business while safeguarding your intellectual property. Our Azure AI Jumpstart gives you a firm foundation to explore safely and cost-effectively, and in a way that is tailored to your business.*

### *Each jumpstart includes:*

- *A guided exploration of your potential AI use cases by one of our industry-leading strategic consultants.*
- *Focused analysis of a single pilot use case leveraging Azure OpenAI's state of the art Large Language Models (LLMs)*
- *Implementation of the proof-of-concept use case within your Azure tenant.*
- *Prompt engineering training to help you make the most of your LLM.*
- *AI training for you and your team.*
- *An actionable next-steps plan.*

*You and your teams then leverage the POC environment to find where AI is going to move the needle for your business. Need more help? Our technical and business experts are available on retainer or by engagement to guide you every step of the way.*

**Contact your account manager to set up your jumpstart!**
