CECOS College, London

"We are satisfied with the detailed structure of Academia SIS. We are using attendance, academics, time-table, fees, and other modules. The staff is pleased with how well-designed and supportive the software is. We are quite delighted with the post-sale services, and we recommend Academia for all educators who are looking for the digital transformation of their institutions."

- Aakif Tanveer
Director of Communication, CECOS College, London

Pressing Challenges

Solution by Academia

Pressing Challenges	Solution by Academia
📖 Cumbersome manual process to capture student inquiries	📖 Integration of application form for prospective students on the institute's website with an automated application process
📖 Manual management for time table and scheduling	📖 Implementation of time table management system as per the requirement
📖 MS-word document-based student document management, admission offer letter, etc., with no automation	📖 Deployment of an automated system to generate documents with student records dynamically
📖 Time-consuming pen-paper mode of attendance marking	📖 Smart attendance marking & customized reporting via faculty portal
📖 Challenges with complex fee record management	📖 Provision of fee management module with analytics & reporting
📖 Difficulty in managing multiple agent commissions for individual students	📖 Report modification to automate agent commission management
📖 Excel-based examination and mark sheet management	📖 Customized & automated feedback form to manage marksheet reporting
📖 Manual process to calculate attendance percentage and grade per course per student (Learning Plan Management)	📖 Digitization of student learning plan management; term wise & consolidated

Benefits

- Effective student attendance management meeting faculty's expectations

- Simplified document management for student records

- Enhanced & faster reporting in respective departments

- Improved students & teachers experience

- Streamlined fee record management

- Significant time-saving in calculating agent fee commission

- Near-zero errors with automated invoice generation

- Digital transformation for the entire campus

Academia Impact

70% Increase in productivity for the student attendance marking process.

Rapid adoption of Mobile App by Students.

Increased faculty efficiency due to a substantial decrease in student queries against attendance records.

Institution Profile

CECOS College London is a prestigious name for higher education in the UK since 1998. Their mission is to provide and promote opportunities for personal, professional, and academic growth for students from all backgrounds. They offer programmes & courses that are market-oriented and are structured to meet the demands of the future. It helps students to develop the tools, gain the skills, and enhance the abilities required to become a productive individual.

About Academia

Academia is a leading-edge Student Information System / ERP developed to cater to the needs of 21st-century educational institutions. With Academia, all departments, functions, and processes get automated, which leads to better transparency, efficiency, and productivity. The system covers the complete student life cycle from Admission to Graduation, along with administrative processes.
