The Journey to a Modern Enterprise

The Journey to a Modern Enterprise is our proven approach to moving customers to Azure. Azure VMware Solution is an offering which is part of this approach, built from many years' experience of moving customers to the cloud.

Servent

What is Azure VMware Solution by Servent?

Azure VMware Solution (AVS) by Servent is your fast-track to cloud transformation, designed to deliver a secure, scalable, and fully operational AVS landing zone for your VMware workloads.

Whether you're looking to lift-and-shift your entire VMware estate or selectively modernise applications, our framework provides step-by-step guidance, technical expertise, and tailored resources to meet your unique business and IT goals.

Servent

Our Approach

Azure VMware Solution (AVS) by Servent is your fast-track to cloud transformation, designed to deliver a secure, scalable, and fully operational AVS landing zone for your VMware workloads.

Discovery & Assessment

- **Conduct** a full inventory of your VMware estate
- **Map** dependencies and assess workload readiness
- **Identify** migration blockers and quick wins
- **Align** AVS strategy with business and technical goals

Provisioning

- **Deploy** a secure, scalable AVS landing zone
- **Configure** networking, identity, and hybrid connectivity
- **Integrate** with Azure-native services for future extensibility
- **Apply** automation and governance aligned with best practices

Optimisation & Benefits

- **Fine-tune** performance, cost, and operational efficiency
- **Implement** monitoring, patching, and backup strategies
- **Identify** opportunities for application modernisation
- **Realise** long-term value through continuous improvement

Servent

Why **Servent**

We fully understand that any workload migration to the cloud is not always straightforward. It can be disruptive. It can be difficult. It can be challenging. We like to think we have all the answers to help make you Azure VMWare journey a less daunting task.

100% Azure Focused

As a leading UK Microsoft Partner and early adopter of Azure, we cover the full breadth of Azure services in depth, due to our 100% laser focus on the Azure platform.

15 Years' Experience

We've been with Azure since the beginning, with 15 years' experience we offer unparalleled expertise and help some of the biggest enterprises in their adoption of the Azure platform.

Enterprise Scale

Our extensive experience with some of the largest enterprise customers enables us to bring enterprise scale thinking to businesses of any size through our Enterprise Cloud approach.

Demystifying the cloud

We work with customers of all shapes and sizes across many industry verticals and help them better understand the Azure platform and how it can transform their Business

Servent

Benefits

Servents **Azure VMware Solution (AVS)** offering delivers a comprehensive framework for migrating and modernising your **VMware workloads** on Azure, without the complexity of rearchitecting.

We start with a **detailed discovery and assessment** of your existing VMware infrastructure, identifying dependencies, risks, and opportunities.

A **tailored migration roadmap** ensures a smooth transition to AVS, aligned with your business goals and technical requirements.

With Servents deep AVS expertise, organisations benefit from:

- A **simplified VMware environment** hosted natively on Azure
- **Optimised performance and user experience**
- **Enterprise-grade security** and compliance built on the Azure platform
- **Cost efficiency** with Azure's pay-as-you-go model, organisations avoid the overhead of traditional infrastructure, scaling resources as needed while only paying for what they use. And with Broadcom's VCF licence portability, you can bring your existing VMware Cloud Foundation licences to Azure VMware Solution (AVS), maximising ROI and reducing licensing friction during migration.
