**25,000+**  
Data breaches

**17 billion +**  
Accounts

**Billions**  
of emails & passwords

## COMPLETE ACTIONABLE INTELLIGENCE

BreachCheck is the only online service that will provide you with access to all of your exposed password and PII, so you can take appropriate measures to protect yourself against future hacks.

## OUR COLLECTED DATA INCLUDES

- @ Emails
- 📄 IP addresses
- 🏦 Bank accounts
- 🔒 Passwords
- 👤 Social security numbers
- + Hundreds of additional data types
- 📞 Phone numbers

### Data Collection

Our counterintelligence operations allow us to access breached data direct from criminal sources, long before the data hits public forums and private marketplaces.

### Account Takeover Protection

BreachCheck can enable enterprises to stay ahead of account takeover attacks by detecting and resetting compromised passwords early.

### 24/7 Monitoring and Alerting

We will provide 24/7 alerting whenever your email address is discovered in a new databreach.
