SHI

Microsoft 365 Power Platform Assessment

A great way to get started and fully understand the benefits of this platform

Make informed & confident business decisions!

WE WILL

- ✓ Evaluate your existing forms and workflow technologies
- ✓ Discuss migration and conversation options
- ✓ Explore how to build forms and apps with Power Apps
- ✓ Use Power Automate to automate organizational processes
- ✓ Demonstrate how Power BI can create a data driven culture with business intelligence
- ✓ Provide best practices and guidance for deploying solutions on the Power Platform

During this assessment, we'll help plan your journey to build end-to-end business solutions.

SHI

Microsoft 365 Power Platform Deployment Services

The assessment is complete, the journey planned!

SHI's skilled consultants have real world experience

WE WILL

- ✓ Get you started with your first Power Platform solution or assist in moving to Power Platform
- ✓ Provide business process deployment and conversation approaches
- ✓ Deploy the Power Platform Center of Excellence to your Microsoft 365 environment
- ✓ Provide guidance on Power Platform governance, security and adoption
- ✓ Convert existing forms, workflows and reports to the Power Platform
- ✓ Develop custom forms and applications with Power Apps
- ✓ Use Power Automate to automate organizational processes
- ✓ Leverage Power BI to create interactive, immersive dashboards and reports for business insights
- ✓ Provide best practices for deployment solutions on the Power Pl

SHI can help your organization deploy Power Apps, Power Automate and Power BI to Microsoft 365.
