Cloudhire

FinOps Autopilot

Clouds are hard to control

Skills shortage - FinOps requires unique expertise

Attention - DevOps are Ops oriented, treating cost as a by product

**Observability** - Cost to business KPIs is almost non-existent
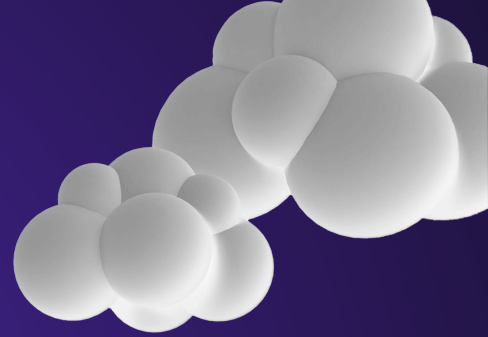

35% of cloud spend is cloud WASTE

CloudHiro

OUR MISSION

Automate profits back from the cloud!

Solution

01.

Single platform

Track multiple cloud
costs and usage

02.

Dashboard Everything

Breakdown and associate
cost to KPIs

03.

Analyze

Identify & exercise
optimization opportunities

04.

Recommend

Smart recommendations
for manual interventions

05.

Auto Clean Up

Enable automated clean
up and optimization tools

CloudHiro Advantage

01.
Control ALL costs

An extendable platform

02.
Auto RIs

Best Automated Commitment Management
- The only one for Azure Reserved Instances

03.
Personalize Visuals

A Flexible state-of-the-art
Visualizer

04.
K8S Operator

Kubernetes Visualization
and Optimization OOTB

05.
Waste Detector

Auto-cleaning, Zero-config
Alerts, Smart Action Tags ...

Automated RI Management

Save **48%** on all VMs

The only Azure Automated Reserved Instance (RI) management
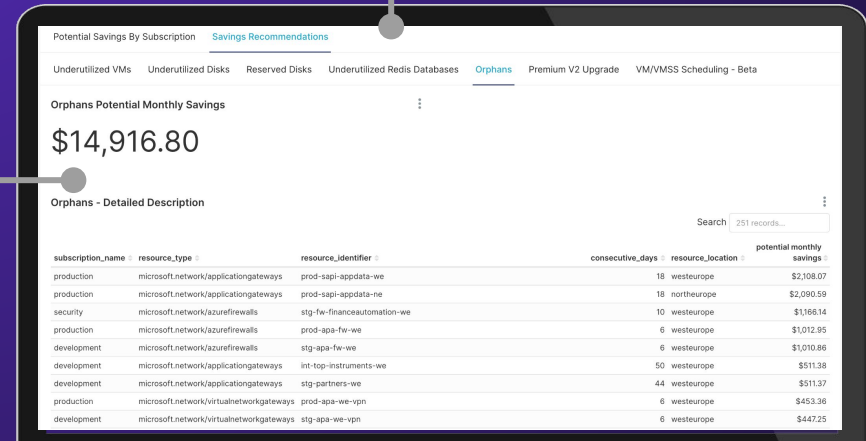

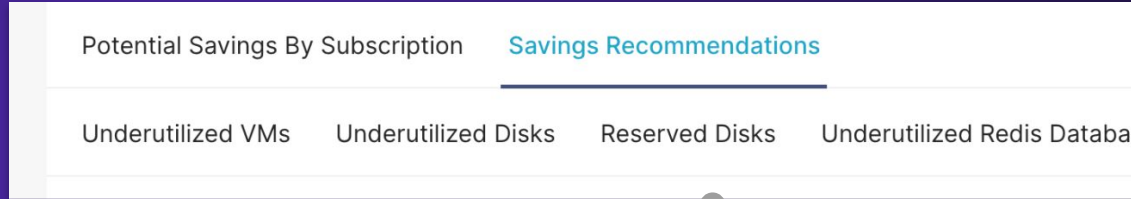

Automated Waste Cleanup

The most complete

WASTE DETECTOR
