

Introducing

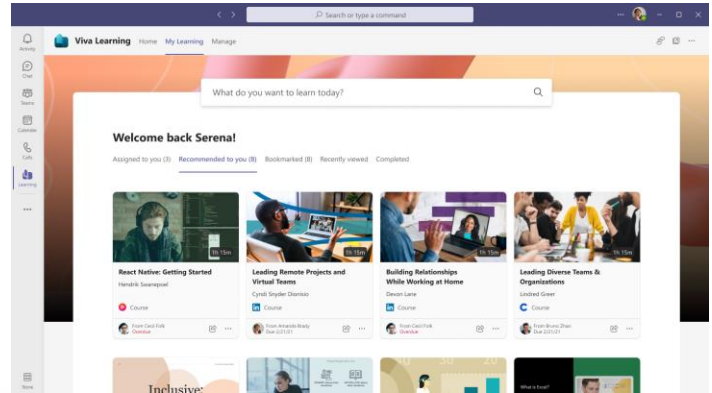

Microsoft Viva Learning

Make learning a natural part of the day by bringing learning to the tools and platforms you're already using.

Learn in the flow of work

Integrate learning into the tools and platforms where users already spend their time with Microsoft Teams and Microsoft 365. That means no more jumping between point solutions to work, collaborate, and learn.

A center for all your learning needs

Bring together learning content and tools from different sources in one central location, from external learning providers to resources from colleagues and subject matter experts at your own organization.

Explore new skills

Find the right content and discover new skills with personalized suggestions and search. Develop coaching and peer learning relationships with social learning features, built into Teams.
