

Microsoft Azure AI Workshop

Two hours workshop for consulting and proposing design concepts and directions.

Asses and consult together with Sii experts - how we can introduce AI to improve your existing business processes or create new innovative ones.

How it works:

Let us know briefly in few sentences about your current situation and needs. Then Sii will organize a 2-3 workshop with our experts – Solution Architects and Domain Leaders, who will analyze your needs and give you their expertise and recommendations, finding with you the best optimal solutions to get started or extend your journey with Microsoft Azure AI Services.

Regarding your domain and particular needs we can introduce particular AI services and concepts like:

- Azure AI Search
- Azure OpenAI
- Custom Vision
- Face
- Document Intelligence
- Language understanding
- Vision

And much more. After the workshop Sii will send short document with workshop summary describing:

- Current As-Is situation
- Top Level Solution Vision
- Technology recommendations

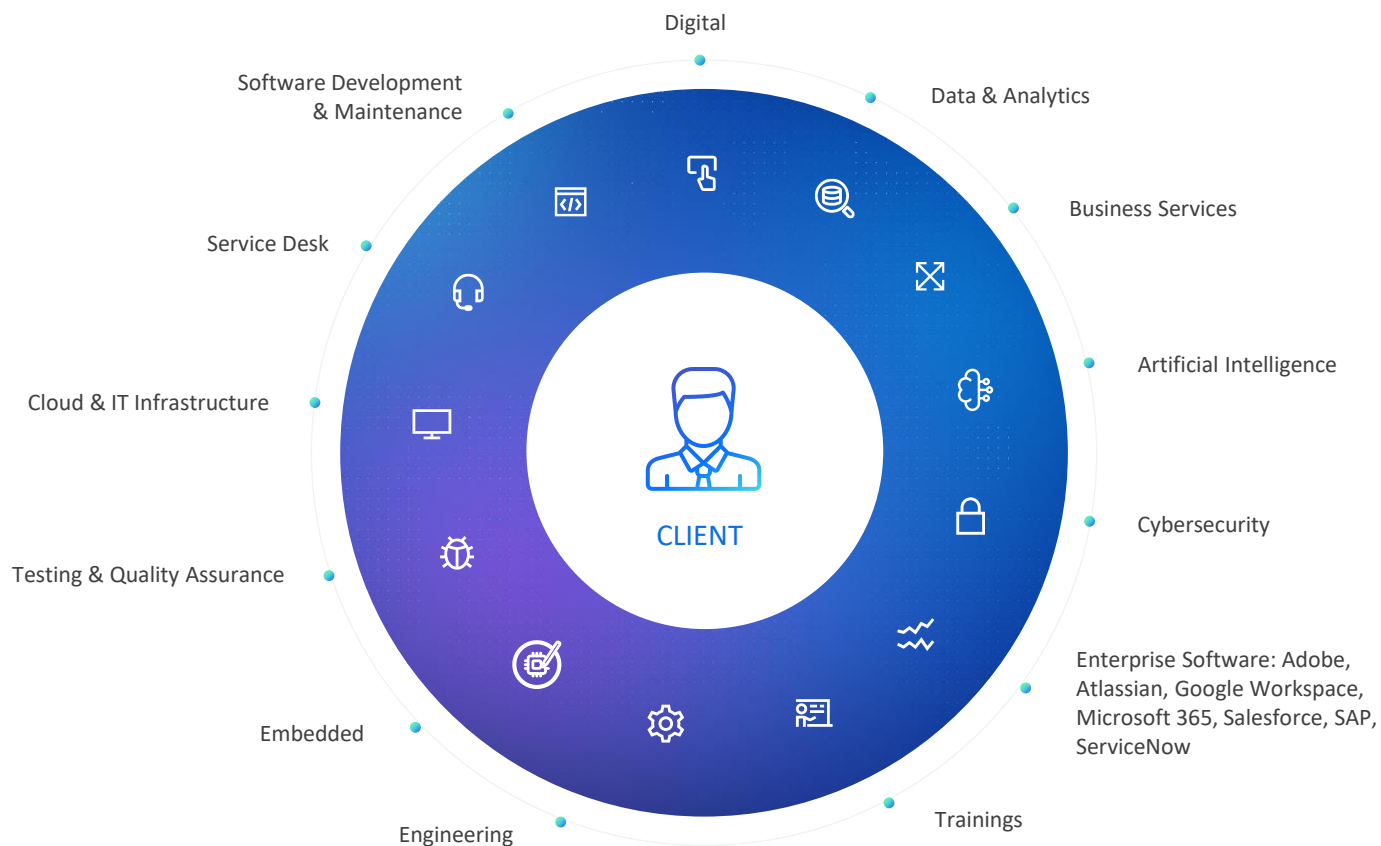

Note: the workshop can take place online or it's possible also to have an on site meeting in one of Sii offices, then the price will be proposed individually per customer.

Why our clients decide on our help:

- Trusted Vendor with a wide portfolio of delivered projects
- Trusted Vendor with a wide portfolio of delivered projects
- Project Development based on Agile approach

Offer – One-stop shop
