

LEGAL DOCUMENTS SEARCH ENGINE BY SII

Doubling your search performance

If you need to quickly find key information among vast amounts of digital data, the Artificial Intelligence solutions developed by Sii Poland will come to your rescue. Thanks to natural language processing and deep learning, Sii experts improved the document search process at the Court of Appeal in Wrocław.

What differentiate the product?

Instead of keyword search used by classic search engines, the solution Delivered by Sii tries understands the user's query and matches the appropriate documents, which had been previously "read and understood" by the system.
