

# The Microsoft ecosystem

## Transform your business with an integrated Microsoft strategy

Sikich helps organizations of all sizes unlock the full potential of the Microsoft ecosystem—improving efficiency, security, and scalability. Our dedicated teams specialize in Microsoft Dynamics 365, Microsoft 365, Azure, AI, Data, and Power Platform, working together to align technology with your business goals.

## End-to-end Microsoft solutions we support

### **Business Applications: Microsoft Dynamics 365 ERP & CRM**

Leverage the full power of Dynamics 365 to drive efficiency, improve customer experiences, and modernize operations. Whether you need Finance & Supply Chain Management, Business Central, or Customer Engagement solutions (Sales, Customer Insights, Field Service), we provide expert guidance from implementation to ongoing support. Migrating from legacy Dynamics systems? We ensure a smooth, strategic transition.

### **Modern Work: Secure productivity with Microsoft 365**

Empower your workforce with secure, AI-enhanced collaboration. Our Microsoft 365 experts help you improve communication, employee experience, and remote work productivity through best practices, pre-built templates, and adoption strategies. We've helped over 1,000 organizations implement Microsoft 365 and support hundreds of thousands of users worldwide.

### **Cloud & security: Microsoft Azure**

Accelerate your cloud transformation with Azure migration, security, and compliance. We help businesses move Dynamics, SharePoint, SQL Server, and critical applications to Azure for a scalable, secure, and cost-effective infrastructure. Our experts design cloud architecture, data strategies, and regulatory compliance frameworks to optimize performance and security.

### **Managed services: Tech 360**

Ensure business continuity with 24/7 proactive monitoring, co-managed IT services, and security-first support. Our Tech 360 managed services provide scalable, cost-efficient IT solutions, keeping your systems running smoothly and minimizing downtime.

### **AI & data strategy: Microsoft Fabric & AI innovation**

Turn your data into a competitive advantage with Sikich's AI and analytics expertise. We help businesses unify, manage, and govern data with Microsoft Fabric and AI-driven insights. Our Sikich AI Solutions Studio guides you through AI adoption, identifying high-ROI use cases while ensuring responsible AI implementation.

### **Microsoft Power Platform: Automate & innovate**

Accelerate digital transformation with low-code solutions. We help businesses build custom apps, automate processes, and improve decision-making using Power Apps, Power Automate, and Power BI. Unlock real efficiency by integrating Power Platform with Dynamics 365, Microsoft 365, and third-party applications.
