INTRODUCING MICROSOFT 365 COPILOT

Microsoft has released Microsoft 365 Copilot. Think of Copilot as your AI assistant at work. It works alongside popular Microsoft 365 apps such as Word, Excel, PowerPoint, Outlook, Teams, and more. Microsoft 365 Copilot provides real-time intelligent assistance, enabling users to enhance their creativity, productivity, and skills.

GET A HEADSTART ON COPILOT

Sikich is offering a workshop that provides clients with the necessary license provisioning, education, configuration, and training to pilot Microsoft 365 Copilot. The goal is to help clients with the initial steps to best determine use cases that provide an ROI for the licenses and provide opportunities to uncover productivity gains and insights to using the tools in their organization. This 1:1 workshop is based on the size of the organization and intended pilot group.

WORKSHOP ACTIVITIES

- **Education on Generative AI, Microsoft 365 Copilot, Security and Data Governance** – Workshop presentation and education in generative AI use cases, Copilot features and functionality, Implications to overall security and data governance, Copilot specific scenarios for the organizations to evaluate
- **Assess and Review** – Interview based discussion and review of Microsoft 365 tenant security and data governance configuration
- **Go-live recommendations** – Guidance for Copilot Pilot Group launch, implementation planning to extend Copilot to the organization, recommendations to aid implementation success, expected outcomes, and recommended data security and governance remediation solutions using Microsoft 365 and Microsoft Purview
- **Implementation** – Implement Copilot licensing for Pilot Group, Microsoft 365 tenant configuration for Copilot, and solutions to remediate identified security and governance shortfalls
- **Training** – Live training on using Copilot, Prompt Lab, workshop usage scenarios

WHY SIKICH HEADSTART

Take the first steps toward helping your organization unleash creativity, unlock productivity, and level up skills with Sikich's Microsoft 365 Copilot workshop. Delivered by our team of Microsoft Modern Work experts, this workshop will provide you with everything you need to understand how Microsoft 365 Copilot will impact your organization and what you need to do to ensure success. With HEADSTART, we collaboratively work with your team to prioritize needed changes, identify solutions, and deliver a roadmap that can support your business far into the future.
