# POWER APPS - APP IN A DAY WORKSHOP

## OBJECTIVE

The App in a Day workshop aims to empower clients to develop a Microsoft Power Apps app to solve a specific business problem. Participants will work with Sikich to evaluate ideas and develop applications, gaining hands-on experience with the Power Platform.

## WORKSHOP OVERVIEW

### During the workshop, clients will:

- Evaluate collected ideas and identify four potential applications.
- Gain education on licensing requirements, integration capabilities, deployment capabilities, and functional capabilities.
- Collaborate with Sikich to develop a selected Microsoft Power Apps idea.

## TARGET AUDIENCE

Business leaders, IT professionals, and citizen developers looking to streamline business processes and enhance operational efficiency.

## KEY BENEFITS

- Hands-on experience with Power Apps development.
- Understanding of licensing, integration, deployment, and functional capabilities.
- Opportunity to solve real business problems with custom applications.

## AGENDA

### 1. Introduction to Power Apps:

- Overview of the platform and its capabilities.
- Introduction to canvas apps and model-driven apps.

### 2. Idea Evaluation:

- Review and evaluate collected ideas.
- Identify four potential applications for development.

### 3. Application Development:

- Development, in collaboration with Sikich of one of the selected candidate application ideas.

### 4. Education on Capabilities:

- Licensing requirements.
- Integration capabilities.
- Deployment capabilities.
- Functional capabilities.

### 5. Testing and Deployment:

- Testing and troubleshooting applications.
- Guidance on deploying apps and best practices for future development.

## CONCLUSION

The Power Apps App in a Day Workshop provides a comprehensive learning experience, enabling participants to develop custom applications that address their specific business needs. By the end of the workshop, clients will have the skills and knowledge to create, deploy, and manage Power Apps effectively.
