

# Data Loss Prevention

**Prevent unauthorized use of sensitive data.**

**SILENT4BUSINESS and Microsoft Purview Data Loss Prevention** offer unprecedented visibility across your entire digital estate, helping prevent unauthorized or accidental misuse of data while eliminating dependency on costly on-premises infrastructure.

## Purview Data Loss Prevention Features

1

A cloud-native solution with protection built into Microsoft 365 apps, services, and endpoints.

2

A comprehensive summary of DLP and insider risk management alerts in Security Copilot.

3

Unified alerting and remediation that enables easy triaging and alerts with the Microsoft Defender XDR portal.

4

Adaptive Protection to optimize data protection by automatically applying DLP policies based on assessed user risks.

50+

Alerts are received by data security teams per day.

83%

Of organizations experience more than one data breach in their lifetime.

## Purview Data Loss Prevention Benefits

1

Discover hidden risks to data wherever it lives or travels.

2

Prevent data loss across your entire data estate.

3

Quickly investigate and respond to data security incidents.

At SILENT4BUSINESS, we offer security management across your entire infrastructure. Whether you need an assessment, help with licensing, or managed services, we can deliver the security solutions you need to succeed.
