Microsoft 365 Copilot:
8-week readiness and deployment

Rapid value realisation for your organisation using Copilot for increased productivity, with peace of mind that your data is secure.

Our comprehensive service is designed to ensure your organisation does more than just "turn on" Copilot and see what happens. It's fundamentally driven by your people to ensure optimisation that will show the value sooner. From initial assessments to ongoing support, we provide tailored services that drive user adoption, streamline processes, and enhance overall efficiency.

8 weeks to realise the value of Microsoft 365 Copilot

Discovery	Delivery	Drive
2 weeks	4 weeks	2 weeks
