

AI-ME, our unique tool that improves email productivity

SKY DUST

Our mission is to empower companies to build sustainable strategies by providing them with the tools and knowledge they need to track and understand their environmental, social, and governance (ESG) performance.

What we offer

AI-ME is the ultimate tool for automating email replies.

Its powerful AI technology learns from user input, ensuring accurate and personalized responses every time.

Our Features

- Microsoft approved Outlook Add-in
- Automatically scans your incoming email messages
- Suggest replies based on the content of the message and your past responses
- A Solution developed by certified AI Engineers who use AI and Machine Learning
