

SkyTerra Technologies is a cloud advisory and security firm delivering architecture, development, managed workplace, digital transformation, cybersecurity, and IT outsourcing. We successfully deliver proven solutions whether our clients are on-premises, in the cloud, or in hybrid environments. SkyTerra is a Microsoft Tier 1 Cloud Solutions Provider with several Solutions Partner and Advanced Specialization designations. We offer direct access to trusted enterprise-level support through our experienced Microsoft Engineers, Support Analysts, and Project Management professionals. Armed with years of industry experience, our team understands complex environments, the organizational impact of change, and how to mitigate risk while delivering predictable outcomes.
