

## WHAT WE DO

Slalom is a fiercely human business and technology consulting company that leads with outcomes to bring **more value, in all ways, always.**

Every day, we work at the forefront of industry, combining our deep roots in technology and data, to help you tackle challenges, improve operations, and drive sustainable growth.

# What is Robotic Process Automation (RPA)?

RPA is software that mimics human interaction with core systems, web, and desktop applications to execute processes in the same way that employees perform work

## RPA allows companies to...

- Focus employees on more value added, interesting tasks
- Reduce costs, while improving service levels, data quality and reducing risk
- Align with existing infrastructure, governed and controlled by IT
- Enable a more business-friendly, flowchart-driven user interface compared to traditional system coding

## Key benefits of RPA

Automated solution can work 24/7

Reduced FTE costs

Improved quality; manual error reductions

Works with existing IT landscape

Business lead, IT enabled

Speed-to-value
