

# Three Horizons Innovation Workshop

Three Horizons is a tool to help businesses plan for the future while remaining grounded in the current state opportunities and challenges.

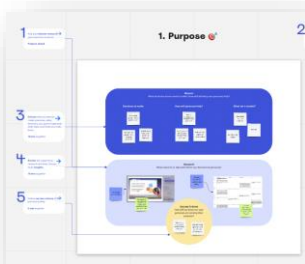

The Three Horizons approach connects the present with the **desired future** and identifies the 'seen' **disruptions** which might occur in moving towards a **vision**.

## WORKSHOP OVERVIEW

This workshop brings together thought leadership from Slalom’s Strategy Team partnered with Microsoft’s Cloud experts to help facilitate a collaborative experience focused on driving innovation. The outputs of this workshop include a long horizon view of business transformation with prioritized intermediary steps that can be taken to help drive transformation.

## WORKSHOP OUTPUTS

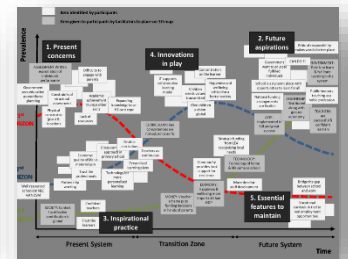

**Long Horizon Enterprise Mission & Vision**

**Horizon 3 Opportunities**

**H3 At Scale Implications**
